Notice to Terminate Cash/Check Rate in Peak Season

Dear Valued Customers,

We will terminate the cash/check rate in peak season, effective May 13, 2019.

Since 2004, we have not changed our overall pricing and have been giving 10% off our regular rate for cash/check payments. However, the rising price of supplies and utilities has significantly increased our operational cost. We are not able to continue absorbing these negative effects on our business.

In order to keep providing excellent customer service, we must adjust our price. We will first discontinue the 10% off cash rate to keep the adjustment to a minimum. Starting May 13, 2019, same rates will apply to cash/check and credit card payments during peak season (April 1st to Oct 31st).

We will still offer 10% off the regular rate for cash/check payments during off-season from November 1st to March 31st, but discontinue the 3-day special (buy 2 get 1 free) and the Thanksgiving 4-day special (buy 3 get 1 free) rates.

We appreciate your understanding and continued support. As always we are committed to providing the best camping environment and excellent customer service during your stay with us.

Please feel free to contact us via email or phone call, if you have any questions.

Regards,

Management Team
